

Eco-Chems for Transport and Vehicle Maintenance

This is a list of effective Eco-Products with a brief explanation of use. We can email you a product sheet of any of the products you are interested in along with their costs. This is an interim step while our entire Eco-product range is being listed on our website.

The products are categorized by areas of use.

Factory and Workshop

Aqua Sorja

Soya-based multi-purpose degreasing cleaner.
Effective liquid detergent for cleaning and degreasing all surfaces, even if extremely soiled.
Neutral, non-corrosive, non-toxic and non-flammable.

Bioxycan Parts Cleaning System.

This system is a biological replacement for solvent parts cleaning systems. It is great for the environment eliminates all health and safety issues associated with solvent use and will present your company with very significant cost reductions.

Blues & Greys

Blues & Greys immediately penetrates and emulsifies resins, inks(including solvent based inks) dyes, graffiti, oil, grease and other soiling.

C-Lube

C-lube protects and lubricates all chains and cables on cranes, earthmovers, forklift trucks, hoists, conveyors, mining and quarry machinery and all industrial equipment. C-lube is biodegradable and has no harmful effect on natural bacteria. Comes in an aerosol can.

Coolfluid

Mineral oil coolant and lubricant suitable for use in milling, thread cutting, sawing, carving, drilling, on screw threads, lathes and sanders.

Gearlube

Gearlube lubricates and protects open gears and sliding surfaces in all manufacturing, crane and plant departments, mines and quarries, shipyards, construction, transport and other industries.

Erdisil

Lubricant and polish made from high-purity silicone prevents the adhering of glues, waxes, adhesives, paint, and dyes. Makes moving wood, cardboard, textiles and certain plastics go more smoothly and easily. Lubricates locks and micro-mechanical parts. Protects leather clothing and rubber joints from drying out.

Freeit

Quickly penetrates removing rust and corrosion but also grease, oils, fats and other forms of dirt. Freeit starts to work immediately on contact and penetrates rapidly into all parts. Freeit is a highly mobile fluid which quickly spreads over all surfaces and finds its way into crevices which remain inaccessible to other products.

Hi-Tempreze

The superior Anti-Seize lubricant that contains molybdenum disulphide "Moly" for improved efficiency. Hi-Tempreze gives superior protection and lubrication to screw threads. It gives maximum torque and reduces friction. Pitting, rusting, seizure and thread distortion are all eliminated. Hi-Tempreze also eliminates leakage and ensures easy removal even when two different metals are used.

Liftcon

Liftcon quickly and completely removes concrete, cement, rust, scale, algae, and many other types of corrosion from many different surfaces.

Lubeze Taps IT

Special lubricant and coolant to make any necessary operation easier in connection with screw threads and tapping.

Metalube Cut

Metalube Cut is an emulsifiable, EP (extreme pressure) metalworking fluid for heavy cutting operations. Rapidly wets the metal surface, resulting in excellent cooling and lubricating properties.

Netosol

High absorbency granules rapidly absorbs all liquids including oils, acids, alkalis, solvents, lubricants, chemicals, grease, blood and water.

Natura Box

Mobile unit for a spotless floor for quick removal of leaked or spilled liquids or accidental spillage of liquids, especially suitable for oils and hydrocarbons. Can only be used with Natura Sorb absorbent.

Natura Sorb

Strong absorbent effective for all liquids, especially oils and hydrocarbons on floors. Removes all oily films and thus prevents the floor from becoming slippery.

Powaclene

A water based hard surface cleaner. Powaclene is an ideal floor cleaner for concrete, paint, tiled and vinyl floors. Powaclene quickly cleans off oil, grease, fat, carbon, dyes, scuff marks and all other types of dirt. Powaclean can be used on all surfaces including bare metals, painted surfaces, vinyl, terrazzo, quarry tiles and concrete.

Polyfloc 500

Cationic coagulating agent used to coagulate many types of industrial wastewater and emulsions. Polyfloc 500 is an organic cationic coagulating agent.

Soak-Up Granules

Spill absorbent granules absorb all liquid spillages including oils, acids, alkalis, solvents, lubricants, chemicals, grease, blood and water.

Soja Response

This product is designed for tough cleaning and degreasing jobs in industry and commercial applications. It is great for removing adhesives and clean parts. Excellent floor, equipment, drains and grease traps cleaner. This product comes in an aerosol can.

Slidex Ecosafe

Slidex is a superior track switch lubricant used for the lubrication and anti-icing on all railway switch slide plates, couplers, mechanical switchgear and moving parts. Slidex provides long term lubrication and protection, is non-flammable, non-corrosive and safe to use.

Vehicle cleaning

Foam 20

Foam 20 rapidly removes traffic film oil, grease, carbon deposits and other forms of contamination and from carriage exteriors and rolling stock. Foam 20 produces tight, slow collapsing foam, which clings to all vertical surfaces. Contact time can be twenty minutes.

Jet Clean

Highly powerful cleaner for brushless vehicle washing suitable for all types of vehicles cleans the car body without rubbing or brushing, degreasing lorry tarpaulins (nylon and fabric) when used with a power cleaner. Immediately and effectively removes static film, exhaust gases, grime, mud, grease and deposits.

Kleen-Screen

Kleen-Screen removes road film, insects and other dirt to leave a smear-free finish. Kleen-Screen has no harmful effects on paintwork or rubber and prevents freezing down to temperatures of approx – 20 c.

Hyper Clean

Highly powerful cleaner for brushless vehicle washing, suitable for all types of vehicles including passenger cars, lorries, taxis, buses etc.

New Plus

Car Shampoo cleans and waxes at the same time. New Plus quickly removes dirt, oil, grease, petrol stains, road film and insects without harming the finish of any surface. Acrylic-based car cleaner leaves a protective molecular layer. Special waxes in New Plus leave a hard, even, resilient wax coating to give both a beautiful finish and a thorough protection against all forms of dirt including salt.

Oxyklenz

Oxyklenz quickly removes brake dust, iron particles, traffic film and other forms of dirt from the exterior of rolling stock and trackside equipment. Oxyklene has a special gel type consistency ideal for manual cleaning, allowing maximum contact time, even on vertical surfaces. Oxyklenz will remove rust to leave a surface which does not readily re-rust leaving a gleaming, high shine finish.

Powaclene TFR

Powaclene TFR is a powerful hard surface cleaner and traffic film remover. Recommended for cleaning tanker fleets, tarpaulins, bulk storage tanks, concrete floors and other soiled hard surfaces.

Powaclene Plus

Powaclene Plus multi-purpose cleaner specially recommended for Railway Industry. Powaclean Plus quickly cleans off oil, grease, traffic film and all other types of dirt. Powaclene Plus can be used as a detergent for steam cleaners, floor scrubbing machines and many other forms of applications.

Powerfresh

Powerfresh is a interior and exterior train cleaner which quickly removes dirt, oil, grease and ingrained soiling from washable surfaces. Powerfresh contains a powerful amphoteric biocide that rapidly eliminates disease causing bacteria.

Protect

Protect leaves a flexible anti-rust coating, giving outdoor protection to up to 18 months. The protective film drives into crevices and pockets, which tend to retain moisture.

Trainbrite Interior

Trainbrite Interior leaves all carriage interiors clean and fresh. Trainbrite Interior removes grease, fats, ink, food stains, rubber scuff marks and many other forms of dirt from all interior surfaces.

Red Magic

Red Magic is a powerful cleaner and degreaser for the Railway Industry. Red Magic quickly cleans off traffic film, oil, grease, carbon, stubborn dirt and insect stains from the exterior of rolling stock, under frames and trackside equipment. Red Magic emulsifies oils and other contaminants and within 10 minutes "splits" in the separation tank or interception system. The water then flows away safely and the effluent is removed for disposal.

Spraywash L.A

Spraywash L.A is a powerful aqueous cleaner and degreaser with a special low foam formulation. Spraywash L.A has been specially formulated for use in high pressure jetting and automatic parts washing machines. Spraywash L.A has been specially formulated for use on alkali sensitive materials such as Aluminium.

Super Klean

For cleaning and degreasing all waterproof surfaces, even if heavily soiled with special corrosion inhibitors for aluminum surfaces.

Floor Care & Outdoor areas

Chemseal

Chemseal seals in one simple operation. Floor maintenance is greatly reduced by the protection of surfaces against wear and stains from all manner of agents.

Dersol

Powerful stripper removes build-up of emulsion floor polishes. Quickly penetrates old layers of wax, lubricant, soap residue, food and ink stains on all types of flooring.

Ecotect

2-Part Epoxy Floor Sealer and Hardener. Protects brick, composition floors, concrete, metal, plaster, quarry tiles, stone, terrazzo and wood. Prevents dusting.

Ecoline Aerosol

Quick drying line paint. Manufactured in white and yellow. Water based and can be used on any surface including Tarmacadam

Emulrout

Bituminous mixtures for direct application giving an instant repair of hollows and potholes in roads, parking areas, pedestrian ways, courtyards, school yards.

Ecozyme

An advanced natural enzyme cleaner that speeds up the natural decomposition of organic waste and is used to treat blocked drains.

Hydrobat 200

Waterproofing masonry treatment protecting walls against moisture penetration prevents plaster from flaking. Walls are less moist, improving insulation and reducing heat loss.

Symosol

Synthetic resin mortar for repairs of horizontal surfaces, holes, crumbled areas, cracks, broken pieces on objects made of concrete, cement or derivatives.

Graffex

Highly concentrated gel specially formulated to remove most difficult and stubborn graffiti from all surfaces.

Graffex Swipes

High performance graffiti removing wipes for sensitive surfaces.

Malgicide

Malgicide is a bactericide, germicide, fungicide, algaecide and disinfectant.

Malkyl

An extremely strong sanitizer with an R.W. equivalent of 75. Malkyl will kill common bacteria as well as mold and fungi.

Paroxide

Quickly & effectively neutralises the rusting process. Chemically prevents the rusting process on iron surfaces penetrating rust creating a protective coating.

Pyrakill

Broad spectrum, low toxicity insecticide. Kills fleas, flies and many other insects.

Natura Sol

Bio Cleaner especially suitable for the cleaning hydrocarbon stains from floor and car parks.

Rust Ko

Rust Ko is a highly penetrating oil(-43 c) that shrinks the thread part. Due to this shrinking the connection of the rusting parts rips and detaches. Rust Ko is also a strong and fast releasing agent that expels water, protects and prevents corrosion.

Watelec

Removes water and moisture from all electrical devices. Penetrates through fresh and salt water, displaces the moisture completely and immediately leaves a protective anti-corrosive film.

Siltexol

Cleans out mud, silt, clay, sewage and other blockages in storm and foul drains. Harmless to joints.

Zep Aerolube

A high-quality, multi-purpose, heavy-duty white lubricant containing calcium greases and corrosion inhibitors. Lessens wear on metal-to-metal and plastic-metal interfaces.

General Cleaning

Bri-Sol

Cleans and polishes at the same time. Bio-Sol quickly removes dirt, grease, oil, finger marks, dust, smears and stains and polishes the surface at the same time.

Brilarquent

Instant cleaner for silverware cleans and deoxidizes in one simple operation.

Gleam Swipes

Cleans all glass, mirrors and other hard surfaces. Smear free anti-static finish. Gleam Swipes remove grease, oil, road film, insects, finger marks, felt tip pen, and other forms of dirt.

Hand and skin Care

Acclaim

Solvent free hand cleaner high cleaning performance recommended for removing light hand soiling. Does not contain abrasive agents or solvents.

Cherry Bomb

Powerful industrial hand cleaner easily removes even the most stubborn grime: grease, tar, asphalt, ink, paint, glue etc.

Glove

Protective skin cream glove leaves an impenetrable protective film that protects skin against dirt, grease, dye, oil, etc.

Hand Over Fist

Non-tainting, odourless hand cleaner removes stubborn oil, grease, inks, dyes, wax and other forms of dirt from the hands. Hand Over Fist's new biological action protects the skin from germs and infections.

HandStand Antimicrobial Lotion Soap

A clear, amber antimicrobial liquid hand soap for use in the Zep Handstand Dispenser System.

HandStand Instant Hand Sanitizer

Alcohol-based hand sanitizer formulated to be used without water or towels as a supplement to regular hand washing. Eliminates over 99.5% of many cross-contaminating micro-organisms. For use in Zep Handstand Dispenser.

HandStand Lotion Hand Soap

A full bodied, mild, pink, lotionised, liquid hand soap with a herbal fragrance. Cleans, softens and moisturizes hands. For use in Zep Handstand Dispenser.

HandStand Shower Soap

A body soap and hair shampoo with a zesty herbal sent. Especially created for use in Zep Handstand Dispenser System.

Handy Swipes and Handy H.D. Swipes

Handy Swipes immediately loosen all types of dirt including grease, oil, tar, inks, dyes, paints and glues. Also manufactured in a heavy duty (H.D.) formulation to remove very heavy soiling.

Handy Wet Wipes

Handy Wet Wipes provide an easy and convenient way of cleaning hands and hard surfaces. Handy Wet Wipes contain their own highly effective germicide to protect against infection by micro-organisms.

Kremtect

Kremtect has a 'Liquid Glove' formulation which protects the hands under the most demanding situations to prevent skin irritation. Kremtect forms a protective greaseless film which protects against grease, oils, solvents, detergents, paints resins, inks, tar and other soiling.

Tko

Heavy-duty, liquid hand cleaner that cleans without the use of solvents. Tko contains poly beads, detergents, emulsifiers and emollients.

Whispex

Hand cleaner and Moisturiser. Whispex contains its own effective bacteriostat to protect the skin after washing.

Toilets, changing rooms and showers

Bio Flush PB

Cleans urinals, eliminates unpleasant odour and maintains drains. Contains bacteria and active cleaning agents, which absorb all organic substances found in the urinals and sewage drains and removes odour.

Bioscale

Biological product removes insoluble scale in toilets, urinals and pipe work. Dual effect: dissolves mineral (lime) and organic (uric acid) scale due to bonding of organic acids, bacteria and enzymes.

BlockBreaker

The concentrated formula has been specially developed for professional use. BlockBreaker tackles the really tough blockages that occur in heavy use plumbing systems.

De-Scale 10

De-Sale 10 is used to de-scale boilers, kettles and urns. De-Scale 10 is for use in water lines, boilers, radiators, cooling systems and other industrial equipment.

Ecozyme

An advanced natural enzyme cleaner that speeds up the natural decomposition of organic waste and is used to treat blocked drains.

Natura Splash

A biological detergent for bathrooms, floors, walls, sinks, taps, bathroom units and urinals. Contains cleaning agents generated from specific micro-organisms that target the molecules of human urine, faeces, blood, bodily fluids and toilet paper as food sources. It removes potentially harmful bacteria, acts for over 80 hours after application. Has a pleasant perfume smell and can be used as a spray for rabid urinal cleaning.

Powerdis

Highly concentrated pine oil disinfectant six times stronger than other disinfectants. Powerdis rapidly kills the following disease causing bacteria even in the presence of heavy soiling:

- Staphylococcus Aureus (Blood poisoning)
- Streptococcus Pyogenes (Throat Infections)
- Salmonella Typhosa (Typhoid)
- Proteus Vulgaris (Intestinal Infections)
- Escherichia Coli (Diarrhoea)
- Pseudomonas Aeruginosa (Septic wounds)
- Shigella Sonnei (Dysentery)

Siltexol

Cleans out mud, silt, clay, sewage and other blockages in storm and foul drains. Harmless to joints.

Showerclene

All in one shower and washroom cleaner. Reformulated to give extra cleaning performance and freshness. Showerclene removes body fats, soaps, scale, algae, rust, copper stains and other contaminants from tiles, showers and all washroom surfaces.

Sanwipes

Sanwipes can be used as a sanitizing wipe or as a surface cleaning wipe. Sanwipes eliminate 99.5% of cross contaminating micro-organisms and protect against re-infection.

Winter Protection

DE-ICER

Quick melting , non-smearing aerosol de-icer which contains its own rust inhibitor. Does not contain methanol or water, which means faster de-icing action and prevents re-freezing.

Supathaw

Supathaw releases energy in the form of heat and works immediately on contact with frozen surfaces. Supathaw is non-toxic, non-tainting and non-corrosive. Supathaw contains a special anti-slip additive and will not 'carry' into buildings. Supathaw is a better alternative to rock salt for doorway entrances and paths.

D-ICE Granular

D-ICE Granular rapidly penetrates and melts ice, frost and snow. Easy to use just spread over frozen surface and allow to thaw. Non-corrosive to aluminum, steel and concrete structures.
